ASSAULT ON NANSHAN HILL

ONE OF BLOODIEST IN MODERN WARFARE

Russians Prevented From Blowing up Mines by Discovery of Wires by Japanese—Desperate Infantry Charges.

Tokio, May 28.—The Japanese assault on Nanshan hill was one of the fiercest and bloodiest affairs in modern warfare. In the earlier rushes every man participating was shot down before he reached the first line of Russian trenches. It was found necessary to stop these infantry charges and renew the artillery fire from the rear before the final and successful assault could be made. The success of this assault was brought about by one detachment of Japanese troops, more intrepid than their comrades, who succeeded in piercing the Russian line.

A splendid stroke of fortune was the discovery and destruction by the Japanese of electric wires leading to the mines at the eastern foot of Nanshan hill. This prevented the Russians from exploding these mines when the Japanese infantry crossed the ground where they had been placed. It is possible that the fortune of the day hinged upon these mines. If the Russians had been able to explode them at the right time the losses among the Japanese troops would have been tremendous, and it is possible also that the Russians would have been able to hold the hill.

Nanshan was splendidly defended. Nearly fifty guns of various sizes were mounted on the various elevations and there were also two batteries of quick firing field pieces. The artillery was sheltered behind loopholes entrenched on the terraces of the hill. The infantry manning the field pieces ran with them around the hill, thus using these guns for protection of the most important points.

The Japanese began the fight by bringing all their field guns into action and concentrating their fire on the emplacements on the hill. By eleven in the morning the principal Russian batteries had been silenced. Two Russian field batteries then withdrew to Nanshan Ling hill and from there continued to fire on the Japanese until nightfall.

After the Russian batteries had been silenced the Japanese artillery opened on the enemy's trenches, the Japanese infantry advancing meanwhile to within rifle range. The Japanese gradually worked to within 400 metres of the Russian lines, where they encountered wire and other entanglements. The succeeded in discovering an opening in these obstacles and getting finally to within 300 metres of the Russian trenches they rushed for the line. Several successive charges were made, but every officer and man in the attacking parties was shot down twenty or thirty metres from the line.

The charges were then stopped and the Japanese artillery renewed its preparatory fire on the enemy's position. Toward evening a detachment of Japanese carried a section of the Russian trenches, breaking through the enemy's line. Hundreds of comrades of these men, inspired by their success, sprang forward and then the entire Japanese line swept up the hill, driving the Russians from their positions. It was in the desperate infantry charges that the Japanese sustained the bulk of their losses.

LITTLE RESISTANCE.

St. Petersburg, May 28.—There is no attempt hereto disguise the fact the successful forcing of the neck of Kwan Tung peninsula proper puts practically an end to resistance to the enemy until it reaches the actual fortifications around Port Arthur. Although there are many strong positions in more than twenty-five miles before the fortress is reached, authorities admit Russians can offer little resistance and must now retire within the fortress and undertake to defend themselves against a siege. Neither the admiralty nor the general staff has any direct information. Like the outside world they are dependent entirely upon the enemy for news.

RUSSIAN LOSSES.

Tokio, May 28.—It is expected the Russian loss totals 2,000 men. The desperate onslaught of the Japanese on the heights of Nanshan was telling, for the Russians left 300 dead in trenches there. It is doubted if the Russians will stand again north of Port Arthur. They retired before the field heaton and failed to make an anticipated second stand at Nan Quan Ling. The Japanese forces spent to day and night in villages around Nanshan. The soldiers are greatly fatigued, but as soon as they have rested they will press on south. It is understood General Stoessel, commander of Port Arthur, was in personal command in the recent operations. None of the Japanese warships were damaged during the bombardment Thursday, Captain Hayashi, commander of the gunboat Chokai, a lieutenant and two petty officers were killed and four other men wounded by the bursting of shells near the ship's guns.

DISPATCH FROM KUROPATKIN.

St. Petersburg, May 28.—The emperor received from Kuropatkin a dispatch telling of the advance of the Japanese on the

main road to Liao Yang; also that the Japanese infantry at Dapu, in the Al valley, "failed in the attempt to turn their Cossacks' right flank and intercept their retreat."

This dispatch though brief is considered significant. The fact that the Japanese commenced to advance along the main Liao Yang road immediately they had forced the neck of the Liao Tung peninsula and cut off Major General Puck from any co-operation with the Russians in the north shows a thorough understanding between the Japanese commanders. The authorities here believe the advance from Feng Wang Cheng has only been suspended pending the culmination of Pock's force and they expect the advance upon Liao Yang will now be pushed in earnest. It is evident the continual shifting of and skirmishing by advanced posts of the Japanese around Feng Wang Cheng has been merely successful in masking the real force, consisting of the third army, which is moving north from Taku Shan. It is expected this force will be hurled upon Liao Yang while the southern Japanese force is busy before Port Arthur.

JAPANESE CASUALTIES.

Tokio, May 28, noon.—The Japanese casualties at Nanshan are now estimated at 3,500. The number of Russian guns captured exceeds seventy.

WAR REPORTS.

Tokio, May 28.—Russians have abandoned Nan Quan Ling and have been driven from Sanchilpin, retreating towards Port Arthur. The Japanese have captured fifty cannon. The Russians left 400 dead in the Kin Chou and Nanshan fight. The Japanese killed and wounded number 2,900 men.

Rome, May 28.—A Tokio dispatch says Japanese have attacked the town of Taitowan. Their occupation of the junction of the Daini railroad with the main Port Arthur line isolates Port Daini.

ARMENIAN MASSACRES

French Official View Is Depreciations Were Very Grave.

Paris, May 28.—The government's advice concerning details of the Armenian massacres are not yet definite, but the official view is that the depredations are very grave. Deputy de Pressensé (socialist), who has confidential relations with the foreign office, has received a telegram from Baku saying the Turkish forces operating against the Armenians consisted of 12,000 regulars, 16,000 Kurds and fifteen guns. The dispatch further asserts that forty-three villages were burned and that their inhabitants were killed. Male Armenians are said to have made a desperate resistance on the summit of Mount Antok.

SLAVES FOR WEAPONS

How Rebellious Herreros Secure Implements of Warfare.

Berlin, May 28.—The Vossische Zeitung publishes a letter in which the writer raises the question as to how the rebellious Herreros in German Southwest Africa pay the English and Portuguese traders for weapons and ammunition which they continue to receive by way of Ovambo, and declares cattle are not the only medium of payment. "The traders," says the letter, "accept slaves also. The slave trade from the German protectorate, by way of Kunene to Angola, has been going on for some time, and certainly began before the breaking out of the Herrero rebellion. It was probably carried on without the government's knowledge. However, proofs in the shape of formal business letters mentioning the delivery of weapons and ammunition in exchange for slaves have been in the hands of the Windok government for some time. In Angola these slaves pass as free laborers. They will probably go mainly to the plantations of the Portuguese islands in the Gulf of Guinea. It can be assumed that the German government will question the Portuguese authorities sharply about the matter, but we cannot reproach our neighbors more than ourselves. They are not able to keep order in their borders, nor we in ours."

DEATHS.

Chicago, May 28.—Arthur W. Pulver, general attorney for the Chicago & North western railway, died of pneumonia. Pulver caught a severe cold when attending the Republican convention in Springfield.

Frankfort, Ind., May 28.—Joseph B. Cheandle, ex-congressman and well known newspaper publisher, is dead, aged 62.

NOT ACCEPTABLE.

Chicago, May 28.—In a decision announced in the federal court to day by Judges Grosscup and Jenkins the so-called "nine-tenths year act" is upheld, but restricts its application to grants previous to 1875. The act was passed many years ago by the Illinois legislature and granted the Chicago street car companies a free hand in the contentions of the companies were accepted. The validity of the act and its scope has been bitterly contested by the city on the ground the enactment was obtained dishonestly.

U. S. SENATOR QUAY DEAD

PASSED AWAY AT BEAVER PA. SATURDAY

Had Been a Sufferer for the Last Year—took a Turn for the Worse Ten Days Ago—Roosevelt's Regrets.

Beaver, Pa., May 28.—Col. Matthew Stanley Quay, senior senator from Pennsylvania, died at 2:18 this afternoon after an illness which had been more or less persistent for the last year, which took a turn for the worse ten days ago and which the doctor diagnosed as chronic gastritis.

The funeral will be held next Tuesday afternoon and the remains will be interred in Beaver cemetery.

Senator Quay's illness began about a year ago. It was a recurrence of the trouble that beset him during the latter part of 1900 and the early days of January, 1901, when he was undergoing the strain of a desperate fight for re-election to the senate.

He spent a time in the Maine woods in the hope of regaining strength. On his return he looked steadily on to live for years and when he celebrated his 70th birthday last fall seemed in excellent health. He continued to lose in weight, however, and forsook his duties in the senate and went to Florida. The senator went back to Washington, but spent some time at Atlantic City, but finding no improvement returned to Washington. His condition remained unchanged and he decided to go to Morgantown, Pa., where he remained with his brother.

Ten days ago his condition was such that he arranged his personal affairs looking toward the funeral. Last Sunday his condition was so alarming that the family decided to remove him to Beaver. For a day or two there was improvement and hope again pervaded the stricken family, but it was merely temporary. Last night his condition continued worse and the end gradually came, the senator passing away this afternoon.

ROOSEVELT'S SYMPATHY.

Washington, May 28.—President Roosevelt immediately on learning of the death of Senator Quay wired the following to Mrs. Quay:

"Accept my profound sympathy, official and personal. Throughout my term as president Senator Quay has been my staunch and loyal friend. I had hoped to the last that he would, by his sheer courage, pull through his illness. Again accept my sympathy."

Harrisburg, Pa., May 28.—Owing to the death of Senator Quay Governor Pennypacker has recalled invitations for the state dinner to the justices of the state supreme court at the executive mansion Tuesday evening. The governor was shocked by the news of the senator's death and will attend the funeral if it does not interfere with his plans to preside at the Memorial day exercises at Gettysburg, at which President Roosevelt will be the orator. The governor will go to Gettysburg to morrow and will return to Harrisburg immediately after the exercises. The governor in an interview paid a warm tribute to the worth of the late senator.

TO ATTEND FUNERAL.

Washington, May 28.—The following senators have been selected by President Pro Tempore Frye to attend the funeral of the late Senator Quay: Penrose, Frye, Allison, Aldrich, Alger, Gallinger, Elkins, Hansbrough, Stewart, Platt (N. Y.), Alben, Foraker, Mitchell, Garman, Daniel, Teller, Dubois, Cockrell, Tillman, Blackburn and McLaughlin.

ISSUES PROCLAMATION.

Harrisburg, Pa., May 28.—Governor Pennypacker to night issued a proclamation announcing the death of Senator Quay, briefly reviewing his career as a citizen, soldier and statesman, and ordering all departments of the state government closed next Tuesday, the day of the funeral.

Philadelphia, May 28.—As soon as the death of Senator Quay was announced flags on municipal buildings were half-masted. Expressions of regret over the senator's death were heard on all sides.

WRECK ON ROCK ISLAND.

Atlantic, Iowa, May 28.—A west bound passenger train on the Rock Island crashed head-on into a freight train six miles west of her to day. Both engines were wrecked and several cars smashed. No one was seriously injured. The passengers received a severe shaking up, but no other injuries are reported. It is stated the freight was unable to get onto the siding in time to clear the track.

BANK STATEMENT.

New York, May 28.—Loans, decreased, \$16,079,100; deposits, decreased, \$1,612,600; Reserve, increased \$16,984,900; surplus increased \$16,638,650.

FIRE LOSSES.

Davenport, Iowa, May 28.—Fire to day wiped out the principal business block of the town of Eldridge, including the store of Wils & Co., town elevator, stock yards and several residences. Loss \$75,000.

PRESBYTERIAN UNION

Action of General Assembly May Unite All Branches of the Denomination.

Buffalo, N. Y., May 28.—The Presbyterian assembly brought one of the most memorable gatherings of this denomination held in recent years to a close to night. The sessions, it is believed, are a prelude to union of all branches of the Presbyterian denomination in the United States. The question of union will now be submitted to the presbyteries and upon approval by two-thirds plans of the union will be consummated. The relations between the mother church and the Presbyterian church (south) and the United Presbyterian church also tends toward unity.

M. P. CONFERENCE.

Washington, May 28.—The Methodist Protestant conference to day concluded all business before it and adjourned finally. The day was devoted to the election of several boards and committees to carry on the work of the church and consideration of several minor matters of legislation. A positive stand was taken in favor of temperance, and the opium habit was mentioned as one of the perils of the age.

THE METHODISTS.

Los Angeles, May 28.—The Methodist general conference to day voted down the recommendation of the committee on temperance providing for a special department of temperance work and authorizing collections for its maintenance.

The conference disposed of the heresy question by the adoption of the report of the committee on education. The report recommended that in the absence of sufficient proof against the faculties of certain universities these institutions be operated on all charges of heresy. The report also recommended that the directors should exercise care in the selection of instructors, appointing none concerning whose soundness of doctrine there is any question.

The conference to night voted by a practically unanimous vote to amend the church constitution so as to provide for the election of bishops of other than the white race.

CHURCH AND STATE

Law for Separation Already Formulated by French Officials.

Paris, May 28.—Premier Combes' announcement that the question of the separation of church and state would come up in January has drawn attention to the law already formulated by the committee on separation of church and state. It is a sweeping measure, the opening reading:

"The republic assures freedom of conscience and it guarantees free exercise of religion without restriction except for the preservation of public order."

"The republic will neither protect nor pay salaries nor subventions under any form whatever to any denomination. It will not recognize any ministry nor religion and will not furnish any building for services of any denomination or for lodging of any of its ministers."

The measure further abolishes the concordat, suppresses the French embassy at the vatican and makes detailed provision for the disposal of the government's extensive possession of church property. In comparison with the present regime, under which the clergy are salaried officials and the minister of public worship is a member of the cabinet, the foregoing makes a striking change in the long established secular conditions.

GOLF CONTEST.

Garden City, L. I., May 28.—Harold Wilcox, of St. Paul's school, Garden City, entered as a member of the Montclair, N. J., golf club, won the Metropolitan golf championship by defeating Percy R. Pyne, second, here to day by 6 up and 4 to play. Pyne was intercollegiate champion four years ago.

LUPTON'S OFFER ACCEPTED.

New York, May 28.—The board of governors of the Brooklyn Yacht club to day announced Sir Thomas Lupton's offer to place in custody of the club a cup for an ocean race from Gravesend bay to Marblehead, Mass., has been accepted. Arrangements for the race, which will be held July 2, are well under way and nine boats have already been entered for the contest.

ASK FOR RECEIVER.

Des Moines, Iowa, May 28.—Suit has been filed by Robert C. Rice, a policy holder, for the appointment of a receiver for the Northwestern Life and Savings and Northwestern Life Insurance companies. Gross negligence and fraud in the management of the companies is the charge, especially in the absorption of the former by the latter. The companies' headquarters are in Minneapolis.

CLOSED THE SALE.

New York, May 28.—Late to night it was announced that Steyer & Co. have closed the sale of Consolidated Lake Superior company securities and have received payment of the order.

YALE CARRIED OFF HONORS

NEW HAVEN ATHLETES VICTORIOUS

Intercollegiate Championship Contest Took Place on Franklin Field Saturday—Detroit Wins From Lewis Institute.

Philadelphia, May 28.—Yale university carried off first honors in the intercollegiate championships on Franklin field this afternoon. Only nine points separated the New Haven representatives from their old rival, Harvard. The Cambridge men beat Pennsylvania out by only one and one-third points. The scores of the eleven point winners are: Yale, 31-13; Harvard, 25-13; Pennsylvania, 24; Princeton, 15; Cornell, 15; Syracuse, 16-13; Colgate, 6; Columbia, 5; Amherst, 1; New York university, 2; Haverford, 2. The winners:

100-yard dash—Mummen, Cornell, 4:25.3. Shot put—Schonfuss, Harvard, 4 feet 4 inches. 400-yard dash—Taylor, Pennsylvania, 4:15.5. This breaks the intercollegiate record of 4:22.5. 120-yard hurdle—Clapp, Yale, 3:54.5. Running high jump—Lowe, Syracuse, 5 feet 11 inches. 100-yard dash—Shick, Harvard, 4:0. Two-mile run—Schutt, Cornell, 9:47.3. Half-mile run—Parsons, Yale, 1:56.4.5. 220-yard dash—Schick, Harvard, 3:22.5. Running broad jump—Strangland, Columbia, 23 feet 6.12 inches. 220-yard hurdle—Clapp, Yale, 2:14.5. Hammer—Dewitt, Princeton, 161 feet 3 inches. Pole vault, final—Gring of Harvard, Gardiner of Syracuse and McLanahan of Yale tied for first at 11 feet 7.14 inches, breaking the intercollegiate record of 11.7 held by Gardiner, Syracuse, and Horton, Princeton. Behrer, Yale, was fourth at 11 feet. On the jump-off McLanahan cleared 11 feet 9 inches, but these figures will not stand, as they were made after the event ended. The other two could break the tie in nine trials, so they decided to toss. Gardiner winning the prize. Points for first, second and third were divided equally among them.

In the hammer throwing contest Van Duyn, Syracuse, threw the hammer 161 feet 4 inches, which none of the other men could equal. Dewitt, of Princeton, and Shicklin, of Yale, asked that the hammer be measured, and it was found three inches too long. The Syracuse man disclaimed any knowledge of the irregularity and explained it by saying the wire must have pulled out of the hammer in throwing. His trial was thrown out and in his final effort he made only 151 feet 7 inches, which gave him third place.

DETROIT-LEWIS INSTITUTE.

Ann Arbor, Mich., May 28.—Detroit university school won the Michigan intercollegiate meet to day from Lewis Institute of Chicago by 36 to 35-1/2. Detroit won with an army of entries, but the honors of athletic skill went to the boys from Illinois. Edward, Pontiac, Ill., won every weight event, scoring 15 points and fifth place for his school, fighting single-handed against 250 athletes. Hogsenson, Lewis Institute, Chicago, also won 15 points, getting both dashes and also places in the shot put, discus and broad jump. French, Lewis Institute, set a new American intercollegiate record of 22 feet 4.24 inches in the broad jump. Oak Park, Illinois, with only three entries, won 11 points and sixth place. Rose, of Oak Park, won the mile run in 4:46. Shipley won the half-mile, Battle Creek's two-miler, Rowe, won his event in 16:29. Williams, Lewis Institute, won the pole vault at 11 feet. Lewis, Pontiac, Ill., and Oak Park, Ill., men broke seven intercollegiate records.

BALL GAMES.

Chicago, May 28.—Illinois university defeated Chicago university at base ball by a score of 11 to 0. Illinois' victory gives it the western intercollegiate championship.

AT PRINCETON, N. J.—PRINCETON, 7; HARVARD, 6.

AT ST. LOUIS—WASHINGTON UNIVERSITY, 10; KANSAS, 4.

AT OBERLIN, OHIO—OBERLIN, 1; MICHIGAN, 8.

AT ITHACA, N. Y.—PENNSYLVANIA, 3; CORNELL, 2. Ten innings.

AT NEW HAVEN—YALE, 4; ANDOVER, 1.

BANKERS SENTENCED.

Indianapolis, May 28.—Cyrus E. McGrady, president of the Seymour National bank, was this afternoon sentenced to six years in the United States prison at Leavenworth, Kan. Alfred C. Parker, president of the First National bank of Bedford, was sentenced to five years in the same prison.

Smallpox has been wiped out at Litchberry, where a number of patients have been under quarantine for several months. The yellow flag was taken down Saturday and the scourge is a thing of the past.

A DARING ROBBERY

Chicago Shoe Store Held up by Four Men While Crowded With Customers.

Chicago, May 28.—One of the boldest and quickest robberies Chicago has known in years was committed to night in less than a minute at the shoe store of Frazer & Oppenheim on Madison street, one square from the city hall and central police station. Fourteen customers were in the store and six clerks were attending to their wants, when four men entered the place. Three of them drew revolvers, each having two weapons, and ordered the clerks and customers to the rear of the store. While the people were hurrying to obey the fourth man took all the cash from the register, \$381, and then the robbers ran out in Madison street and disappeared. While the robbery was in progress the doors were open and people passing along Madison street had a plain view of the inside of the store. The robbery was carried out so quickly, however, there was no possibility of interference, and the men escaped.

POLICE NEWS.

Lewis Wells was arrested for drunkenness Saturday by Policeman Fernandez.

Charles Lynch was arrested for the same offense by Policeman Preston.

Patrick Tubbs was arrested for being drunk and disorderly by Captain Kennedy.

Michael Tubbs was arrested for interfering with an officer by Captain Kennedy.

NOT INDICTABLE

Decision of Judge Humphrey in Bankruptcy Case.

Springfield, May 28.—The making of an affidavit under a false name in a bankruptcy case is not an indictable offense if the party who is bankrupt, is the gist of a decision rendered to day by Judge Humphrey in the federal court. The case was that of Otto W. Wallace, who in involuntary proceedings brought against him by creditors of his Mount Vernon store signed his name as W. Wallace, the name of his brother. Judge Humphrey sustained a motion to quash the indictment.

SUICIDE WAS A BIGAMIST.

Louisville, Ky., May 28.—John Dressen, a cobbler, 45 years old, committed suicide here last Wednesday. It has developed that Dressen had a wife and five children living in Braud, Germany; another in Willeh, Germany, who left him here in 1896 upon discovering he had a former wife; that in 1899 he had married a young woman of Smithfield, Ky., who died two years later, and in May this year married a fourth time. Dressen's suicide occurred after a police judge had fined him for abusing his latest wife.

ACT UPHELD.

Washington, May 28.—Orders have been sent Admiral Jewett at Horta, Azores, to go to proceed to Tangier, Morocco with the warships Olympia, Cleveland and Baltimore.

Later in the day the department was informed Jewett got away with the ships before the orders could reach him. Jewett sailed for Lisbon.

THE KIDNAPERS OF PERDUE AND HIS STEP-SON IN MOROCCO HAVE SUBMITTED THEIR TERMS FOR RANSOM AND THE STATE DEPARTMENT HAS DECIDED THEY ARE ABSOLUTELY IMPOSSIBLE OF ACCEPTANCE.

STRIKE BREAKERS ATTACKED.

New York, May 28.—Two New Haven road strike breakers employed on Pier No. 18, North river, were attacked by five men in Jersey City to night while on their way home. One of them, Dominic Sokoposki, was killed and his companion, Peter Thomzik, severely lacerated. Edward Griffin, a dock laborer, was arrested and identified as the man who struck Sokoposki the fatal blow.

LOCOMOTIVE ENGINEERS.

Los Angeles, Cal., May 28.—The Brotherhood of Locomotive Engineers this afternoon almost unanimously re-elected Grand Chief Engineer W. S. Stone and for the second office W. B. Prenter was chosen. He succeeds to the position made vacant by the tragic death of T. S. Ingraham.

NO CLEW TO MURDER.

Chicago, May 28.—No direct clew has been developed in the murder mystery of Fred Hall, whose body was found in an oil car at Whiting, Ind., yesterday. The police are looking for a Frenchman who was Hall's creditor for \$20 and who had threatened him several times, but there is no tangible evidence against him.

ANGLO-FRENCH UNDERSTANDING

MEETS WITH ILL WILL OF GERMANS

Government Called on to Protect German Interests in Morocco and Insist on Free Trade in Ports.

Berlin, May 28.—Popular chagrin here over the Anglo-French understanding found expression at the annual meeting to day of the Colonial society at Stettin. Count von Pfeil and others presented resolutions addressed to Chancellor von Hofow asking the German government to take steps to provide for guaranteeing of free trade to the fullest extent in Moroccan ports during the existence of the understanding. The resolutions emphatically called attention to the necessity for protecting the political and business interests of the Germans settled there and asserted that if the status quo is changed to the advantage of France Germany must demand compensation in Morocco fully equal to France's advantage and corresponding to the magnitude of her business interests in that land to the necessity of her fleet having over-sea points of support and to the fact that it is necessary for the population to have territory in which to extend itself.

Count von Pfeil, in supporting the resolutions, said it was a national misfortune that 32,000 German emigrants yearly still seek the shores of the United States when there is a large territory right at Germany's doors, the acquisition of which would not cause any difficulties worth mentioning.

The resolutions were adopted by a large majority. The Colonial society also adopted resolutions favoring more rapid building of naval vessels than provided for by the fleet law.

WORKS OF ART

Attractive Display of Fine Pictures at the Woman's College.

As usual at the close of the year the art department of the Woman's college has its day, and this year the right to hold the attention of the friends of the institution is more than ever confirmed. Arranged closely about the walls of the studio and on tables are representative pieces of the work done by the young ladies during the past year and the showing made is certainly more than creditable. It has not generally been the policy of the faculty and Miss Knapp, the competent head of the department, to mention names of pupils, but a departure is made this year in the case of Miss Emma Scott, a graduate and daughter of Ezra Scott, residing on South Main street opposite the grounds for the insane hospital. This young lady is awarded extra space in the exhibit, as it is the last time she will be represented on such occasions and most certainly her work speaks volumes for her ability, instruction and attention to the work. Water colors and oil are the principal materials adopted by the young lady and the works displayed on the walls are decidedly meritorious. In our pleasant nook are rapid studies in sketching from life, some of the other young ladies kindly posing for the purpose, and the results attained are worthy of praise. The positions are natural and the colors and drawing true to life and void of stiff conventionalities. The list of other subjects embraces landscapes, flowers, still life and one portrait, and while there are too many to be mentioned in detail, one still life study is more than ordinarily meritorious. It combines a bunch of milk weed pods showing the cotton like down after the pods are ripe, a pewter platter, a candlestick, all in front of red drapery. This is a difficult list of subjects to portray properly and the success attained by the talented young artist is gratifying.

There are many other pupils represented in the collection and the results attained are generally worthy of praise. Of course the foundation is the east charcoal drawing and here the effects are remarkable. Prominent in the display are the three pieces which won for Miss Bessie Barker the scholarship mentioned in yesterday's Journal. They are certainly above the average in point of excellence and the judges properly awarded her the honor which was bestowed on her. Arranged on the wall are the many familiar objects and the effect of light and shade is one not easily accomplished and shows the result of careful study and close attention to instruction. It is conscientious effort in this line that lays the foundation for something more attractive, yet the pupil who can properly make a cast drawing has progressed decidedly.

Wandering at random in front of the other part of the display the eye of the visitor is attracted by various familiar scenes. Church fronts, summer and winter landscapes, well known figures are all depicted true to life in water colors and oil. One remark is also due the water color work in this institution and that is the strength shown. Too frequently pictures in this material are weak and have a washed out appearance, lacking vigor and vitality, which causes many persons to prefer oil to the other material. Miss Knapp wisely teaches her pupils to make strong, life-like pictures, true to nature and not weak and insipid, and her success in this line shows she has worked to a purpose. Of course, in it all originality is sought, mechanical copying not being permitted.

The display of decorated china is also fine. Plates, cups, bowls, jardiniere, vases, delicate pieces of ware, have passed under the deft hands of the art pupils and from them to the kiln and

emerged things of beauty and joys forever. Some novel effects have been secured in this respect and the arrangement of the display is one which calls forth much favorable comment.

Many delighted visitors inspected the work Saturday and to-morrow the studio will also be open according to the announcement in the Journal and all who desire will be welcome to call and see for themselves the fine display of works of art by the young ladies in this department of the Woman's college.

RHEUMATIC PAINS RELIEVED

The prompt relief from the severe pains of sciatica and rheumatism which is afforded by Chamberlain's Pain Balm, is alone worth many times its cost. Mr. Willard C. Vail, of Poughkeepsie, N. Y., writes: "I am troubled with rheumatism and neuralgia of the nerves and Chamberlain's Pain Balm gives relief quicker than any I have ever used." For sale by all leading druggists.

MAY BREAKFAST PARTY.

The Young Woman's Christian association of Illinois college gave a May breakfast Saturday morning from 7 to 8:30 o'clock at Academy hall. About 125 guests were present and thoroughly enjoyed a menu perfect in all its details. The tables were neatly decorated and presented a very attractive appearance. All present paid a small fee and from the proceeds two delegates are to be sent to the middle west conference at Geneva. The delegates will be selected next week.

The work of the society this year has been very satisfactory and great benefit has been derived by the pupils. At present there are forty-four members, comprising both resident and boarding students. The officers of the society are as follows: President, Miss Mabel Moore; vice president, Miss Antoinette Pires; secretary, Miss Marie Clemmons; treasurer, Miss Catherine Suydam.

TWENTIETH CENTURY CLUB.

At the Colonial Inn last Thursday evening Dr. Sherzer made a most interesting talk on "The North Cape." The occasion was the annual open meeting of the Twentieth Century club, it also being the last meeting of the year. Dr. Sherzer spoke of the historic interests surrounding this noted point and her remarks were given the closest attention. This will probably be the last lecture delivered by Dr. Sherzer here for several months.

ACADEMY HALL.

Mrs. J. L. Eldred, of Carrollton, visited her daughter last Tuesday.

At the closing meeting of the Twentieth Century club and the dedication of the Colonial Inn last Thursday evening Dr. Sherzer gave an account of her visit to the North Cape.

Miss Lucy Mines, of Carrollton, visited Miss Ada Eldred Thursday and Friday.

WHAT IS FOLLY'S KIDNEY CURE?

Answer: It is made from a prescription of a leading Chicago physician and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to gether in utmost value. Sold by J. A. Obermeyer, City Drug Store.

THE SITUATION

REPUBLICANS WILL REASSEMBLE TUESDAY

Recess Devoted of Any Change So Far as Surface Indications Are Concerned—Candidates Have All Been Busy.

Springfield, May 28.—Without any change in the situation the Republican convention returns to this city Tuesday to resume just about where it left off.

The developments of the recess have been few and far between and of a very negative character. Nothing positive has been accomplished. There have been innumerable conferences of leaders and candidates, but nothing has come of them. The three leading candidates have spent the time in strengthening their lines.

The first ballot Tuesday afternoon will result just about as all its predecessors and the belief is general that the deadlock is destined to continue indefinitely. The stand pat policy is still deep rooted in the breast of every candidate and no solution of the problem is offered.

What Governor Yates has accomplished in Chicago is not apparent. Politicians differ. Some say he has gained. Some have said he has lost. Others of his own followers doubt the wisdom of the campaign. The governor himself says he did not expect to get any delegates at the jump. He hoped, however, that the talk he made to the voters might influence them to be more lenient with their delegates when the break came and Chicago candidates went to him.

The Denen men say it is to the last ditch with their man. The Lowden men are just as firm from all appearances. Lowden has been in St. Louis and the story goes he has been trying to get some of the Yates delegates in southern Illinois on the plea of his organization connections and influence.

Both Denen and Lowden have not been able to resist the temptation to rush back into the print shop. Denen is issuing a letter or statement to the delegates, telling why Chicago should have the governor this time and why, that being the case, he should be the nominee. He sets out the Lowden-Denen campaign in Cook county and his victory and Lowden's defeat. The Denen argument is that having secured a large majority of the Cook county delegates he is entitled to be the Cook county candidate.

Lowden has joined in the trust press cry and has issued a defensive and offensive pamphlet. If there ever was a false issue raised in this state it is this cry of trust press.

There is talk of introducing a resolution next week condemning the Tribune, Record-Herald, News and Post.

The death of Robert B. Fort leaves a peculiar condition and gives the governor a chance. Fort was the Yates candidate for lieutenant governor. Fort brought in Marshall for Yates and assisted in getting other delegates. These are instructed for Yates and he will get them any way. The governor, therefore, is free to make terms with some of the other candidates for this office. All of them have been dividing their delegations among the candidates for the first office. Yates might secure a solidification of one of these counties if he could show his candidate that he is a winner.

Sherman is in the city and will remain here until the convention. He is ready to give his vote to the first candidate who gives him 700, or even less than that number, provided it is big enough to warrant the belief he can be nominated. Sherman has offered all the candidates his delegates on this condition. Yates is included in the offer. There are a large number of delegates in the convention who are for Sherman, but who are tied up to other candidates by instructions. If left to their minds they would vote for Sherman and be directed by what he should say. Some hundred such men have been counted.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale by J. A. Obermeyer, City Drug Store.

ATTENTION, COMRADES.

All comrades of Matt Starr Post, G. A. R., ladies of the Relief Corps and all old soldiers are requested to meet at our headquarters on West State street, as follows: Sunday morning, May 29, at 10 a. m., for the purpose of attending church; also at 3 p. m. Sunday to attend memorial services at the Institute for the Blind, and at 1 p. m. Monday (Decoration day) for the purpose of attending services to be held at Centenary M. E. church. Those who can go to Diamond Grove cemetery are requested to meet at the same place not later than 9:30 a. m. Monday.

L. Goheen, Commander.

John T. Anderson, Adjutant.

Many are confusing Mrs. Elmina Springer, candidate for university trustee before the Republican state convention, and Mrs. Warren Springer, who has been prominent recently in D. A. R. circles. Both ladies reside in Chicago.

SKELETONS OF CHILDREN.

Trail, Province of Peru, Russia, May 28. The local police have discovered hundreds of skeletons of children in the loft of houses occupied by an old matron.

READ THIS:

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, Hall's Great Discovery, and with cheerful testimony to the public that it did me more good than all things else put together and all together another man. I have persuaded many of my friends to try it.

New Life and Health for Women.

Zoa Phora Makes Women Feel Young, Strong and Healthy and Gives Them the Glow and Bloom of Youth and Beauty.

Trial Bottle Free to Every Lady.

Zoa Phora certainly does wonders for women. Every woman who has tried it says so and there are multiplied thousands of them. From all parts and corners of the land come their words of praise and joy and gratitude. Zoa Phora has brought more life and health to women, has relieved more pain and suffering and filled more homes with joy and happiness than all remedies and medicines and doctors combined. Their genuine letters of thanksgiving and rejoicing prove it and prove it conclusively.

Zoa Phora cures all forms of female diseases, misplacements, irregularities, suppressed and painful periods, flooding, piles, kidney, bladder and liver diseases and all the troubles that come down the life of women and make their lives a burden and a misery. You will rejoice as others now rejoice in perfect health and happiness if you use Zoa Phora.

Mrs. Wm. B. Knapp, 831 E. 8th St., Traverse City, Mich., says: "I write this hoping that it will be the means of helping some suffering sister who has any weakness or trouble peculiar to women. Seventeen years ago last fall I was taken sick and with weakness, and was in bed all winter. Just as soon as I would get up I would faint and fall. Three of the best doctors in our town could not help me; then my husband wrote to that dear old Dr. Pengelly and he sent medicine and advice. The first dose helped me, and in one month I was up doing my work after being sick in bed from the 21st of November until the next May. No medicine has since helped me. Zoa Phora, and it hasn't been for dear old Dr. Pengelly and Zoa Phora, I would not be here to write this."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of the illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

GROWING WEAKNESS IN MEN

Strenuous Life Men Are Living Is Using Up Their Vital Forces and Energy Faster Than They Can Be Replaced by Nature.

As a result many are being stricken with paralysis, locomotor ataxia, and nervous prostration. To overdo anything is harmful, and a continuation of it will wear out the strongest man. Overwork, worry, brain-tire, high living, dissipation and other excesses and abuses waste away the most vital elements of the blood, brain and nerve forces, and disease sets in. At first there will be a general indisposition, poor appetite, indigestion, severe headache, weakness and nervousness in the back and spine, the temper irritable, the spirits depressed, the memory poor and the mind weakened, ending in premature decline or decay. Dr. Chase's Blood and Nerve Food is composed of the same elements that have been wasted and worn out in the blood, brain and nerves. By making new blood it turns weakness into strength and forces new life and the vigor of youth into every portion of the body, restoring the patient to perfect manhood. Weigh yourself before taking it. Price 50 cents, five boxes, a fair trial, \$2.00. The Dr. Chase Co., Philadelphia, Pa. Book free.

AN OPEN LETTER.

From the Chapin, S. C. News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician, who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effect. I procured a bottle and before using the entire contents were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, editor. This remedy is for sale by all leading druggists.

MUSIC WAS A FEATURE.

The music at the high school commencement exercises was excellent and a tribute to the efficiency and perseverance of Miss Ailsie Goodrick, the popular music instructor in the public schools. The young lady labored early and late in preparing the songs for the occasion and, having excellent material with which to work, accomplished fine results, for which she and the pupils are entitled to much credit.

CASS COUNTY DEATH.

Charles H. Mathis, residing on South Hardin avenue, and manager of the shoe department of Hoffman's store, was called to Cass county Saturday by the dangerous illness of his mother, who lived near Philadelphia, but before he arrived she passed away. It was her 76th birthday. One daughter, Mrs. Kelly, lives in Ogden, Utah, and one, Miss Thalia, lives at home. She was a highly estimable lady and greatly respected.

DECORATION DAY

Exercises Will be Held at Centenary Church—Program in Full.

Matt Starr Post, G. A. R., No. 378, of this city, have announced the following program for Decoration day:

At 10 a. m. the committee appointed to go to Diamond Grove cemetery will meet at G. A. R. hall, and taking conveyances will proceed to the cemetery and decorate the graves of the departed heroes, the ritual for the dead preceding the strewing of the flowers.

At 2 o'clock the exercises will be held at Centenary church, when the following interesting program will be carried out:

Invocation—Rev. A. L. T. Ewert.
Quartet—Male voices.
Recitation—Miss Stella Huff.
Quartet—Male voices.
Reading of Lincoln's Gettysburg address—Maj. C. E. McDougall.
Address—Rev. Horace Reed.

At the close of the exercises at Centenary church, about 3 o'clock, the parade will be formed in front of the building, platoon of police leading, then Jeffries' Concert band, Company I, Fifth regiment, Illinois National Guard next, followed by Matt Starr post and citizens in carriages. The members of the city council have been invited to participate and are expected to be present. The parade will be in charge of F. M. Ferguson, chief marshal, with F. L. Hairgrove and T. H. Buckthorpe as assistants.

All those who desire to contribute flowers for this purpose are requested to send them to G. A. R. hall, West State street, formerly Olson hall.

The members of the post are requested to meet at their hall at 1 o'clock sharp and go from there in a body to the church.

REPUBLICAN CONVENTION

Central Committee Names Monday, July 11th, as the Date for the Selection of the County Ticket.

The Republican county central committee held a meeting Saturday afternoon at the office of the chairman, J. H. Danskin, in the Ayers block. The meeting was called to determine the time of holding the Republican county convention. J. H. Danskin presided and W. M. Morrissey acted as secretary. A motion was made to hold the convention June 20, but the motion was lost. Another motion was made naming July 11 as the date, and this motion carried. The question of holding the primaries on the same day throughout the county was considered and on a vote it was recommended to all central committeemen to call their primaries for Friday evening, July 8, at 7:30 o'clock.

This convention is called for the purpose of nominating candidates for the offices of state's attorney, circuit clerk, coroner, county superintendent of schools and county commissioner, and for such other business as may properly come before the convention.

AT LYNNVILLE

TOWN BOARD MET AGAIN SATURDAY

Held Strenuous Session—No Action on Saloon Question—Members Divided—Adjourns Mid Confusion.

As a result of the meeting of the town board of Lynnville, held Saturday night, the situation arising over the recent action of the board granting a saloon license to Seligman Bros. of this city, was further complicated. Saturday night was the regular meeting night of the board and the board was called to order about 8 o'clock by President J. B. Gordon. All members were present and a question arose over the filing of the president's bond.

It will be recalled that the last legislature passed a law by which the terms of all presidents of town boards were increased from one year to two years, and under the provisions of the statute the present incumbents were to hold over another year. Member Felix Moore, at the meeting last night, took the ground that while the president had the right to hold over another year, he should be compelled to file a new bond, as his old bond was made for one year only. The president took the opposite view and a spirited discussion followed and sharp words were exchanged between the members. It was feared for a time that the meeting would break up in a row and a rough house was narrowly averted.

As the best solution of the difficulty, Member Thomas Davis moved to adjourn. The question was put to a vote and a tie resulted. President Gordon cast the deciding vote against adjournment and thereupon Members Felix Moore, Felix Gordon, John Tendick and Edgar Watson left the hall. With no quorum present the two remaining members, Thomas Davis and George Parks, decided that they could not transact any business and thus the meeting was summarily concluded and the board went to their several homes.

As a result of the meeting last night the already complicated situation is more complex than ever. The unravelling of the tangle will be awaited with interest.

CURED HIS MOTHER OF RHEUMATISM.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now, and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all leading druggists.

Mayberry Walter, of Sinclair precinct, was in the city Saturday to take out to his home his wife's sister, Mrs. Almada Smith, of Los Angeles, Cal. The lady has not been back here for several years and finds many who are glad to greet her. Mrs. Walter is not recovering from her long protracted illness as rapidly as could be wished, but it is hoped the warm weather of the summer will bring her out all right.

THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute, as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by J. A. Obermeyer, City Drug Store.

Mrs. James Allen and daughters, Misses Mabel and Evaline, have returned from Pekin, where they went to enjoy the wedding of Mr. and Mrs. Samuel J. Tompkins, of that place. Mrs. Tompkins is Mrs. Allen's daughter and she and her husband came down for a short visit.

A REVELATION.
If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Sold by J. A. Obermeyer, City Drug Store.

A CRAZY MAN

Found Eating an Egg, Shell and All.

Rational people thought it was awful, as the shell had no food value, and was, of course, indigestible and injurious.

It is just as crazy for rational people to swallow a lot of cod liver oil, to get the medicinal curatives from it, as it was for the crazy man to eat the egg, shell and all.

Modern science has proved that the oil, or greasy part of cod liver oil, has no value whatever, and only upsets the stomach and retards recovery. It is the medicinal elements which are enveloped in the cod liver oil, of which there are about fifty, that represent all the tonic and curative power of the famous old remedy.

A preparation containing all the medicinal curative elements of cod liver oil, actually taken from fresh cod's livers, but entirely free from oil or grease, must, therefore, be the very best tonic reconstructer possible. Such is Vinol. It positively does contain every one of the fifty odd medicinal curative elements of cod liver oil, fresh and sweet, just as the egg shell contains the nutritious food, and we throw away the useless, indigestible oil, just as you throw away the egg shell.

Knowing its wonderful medicinal and curative power, we guarantee to restore strength and health to the following or refund their money without question:

Run down, debilitated, tired, overworked people; old people, weak women, nursing mothers, puny, ailing children, convalescents, or to people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Vinol never fails to make rich, red blood and give strength to the weak and health to the sick. Try it on our guarantee. If it doesn't do you any good it won't cost you a cent. Lee P. Alcott, Druggist.

SPECIAL TAXATION NOTICE.

Notice is hereby given to all persons interested that the city council of the city of Jacksonville, having ordained that a pipe sewer be constructed on South Clay avenue in said city from the intersection of said street with the brook sewer, south on the center line of said street to the center line of Superior avenue, the ordinance for the same being on file in the office of the city clerk, and have applied to the county court of Morgan county for an assessment of the costs of said improvement, according to benefits, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 14th day of June, A. D. 1904, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said special tax shall be divided into ten installments, which installments shall all be equal in amount, except that all fractional amounts shall be added to the first, and shall be due and payable on the 2d day of January next after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments except the first shall bear interest at the rate of 5 per cent per annum, from date of issue of the first voucher on account of completion of the work.

B. A. VanWinkle, Commissioner.

SURPRISE PARTY.

Miss Ruth Kingsley was very pleasantly surprised Saturday afternoon at her home on South Clay avenue, by a number of her school friends. The afternoon was spent in music, singing, croquet, basket ball and various games. Dainty refreshments were served in Japanese style, which was pleasantly enjoyed by all.

Those present were: Lillie Loneragan, Rena Weisenberg, Mabella Loneragan, Nellie Roach, Annie Sweeney, Tillie Schierz, Lottie Duffner, Kathleen Walsh, Admira Raedner, Hallie Withee, Nellie Murry, Mary Ryan, Irene McAvoy, Laura Boylan, Anna Kingsley and Hene Harmon. The hostess was the recipient of a number of beautiful presents.

IF YOU HAVE DYSPEPSIA READ THIS.

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquids, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick headache, it does not cure. Stop taking the drug and the pain and distress return. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache by cleaning the stomach and bowels and at the same time using a medicine that will act upon the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c a box. It only takes one pill for a dose. For sale by Lee P. Alcott.

John Smith went to Waverly Saturday for a visit with friends.

The "Force" of Herpicide.

Nothing Succeeds Like Success

Why is Newbro's Herpicide a success? Because it has the "Force" or capacity to produce an effect. What is the effect? The destruction of the invisible, vine-like microbe growth that lodges in the sebaceous glands of the hair follicles, where its growth and development causes dandruff, itching scalp, falling hair, and later, incurable baldness. Is Herpicide pleasant to use? Clear as crystal Newbro's Herpicide is the daintiest, most delightful and refreshing application ever prepared for the scalp. It contains no oil, grease, sediment or dye matter. Careful people who own consider it a duty to use a scalp prophylactic, to insure cleanliness and freedom from dandruff contagion, prevent Newbro's Herpicide on account of its extreme purity, exquisite fragrance and refreshing quality. Ladies, in particular, become enthusiastic over it, because it keeps the hair light and fluffy and gives it a silken gloss. STOPS ITCHING INSTANTLY.

The First Hair Saver

Newbro's Herpicide is the first "Hair-Saver." It was not made until the microbe and contagious nature of true dandruff was discovered. Before this discovery, approaching baldness was considered inevitable, and after it came the scalp was treated with tincture of cantharides (made from dried blistering bugs) and other irritants to make the hair "grow." Every dermatologist now recognizes the fallacy of this treatment. Save your hair while you have hair to save. Kill the dandruff germ with Newbro's Herpicide and give nature a chance; marvelous results will follow. Try it.

Hearty Appreciation by Prominent Doctor

"I have used your Herpicide and find it very nice indeed. One thing in particular I noticed about it was that it left the hair soft and smooth without too much of the greasy feeling one finds in so many hair lotions. My scalp feels just a nice warm glow after the application." (Signed.) DR. F. P. BIVINS, Shelbyville, Ill.

640-Acre Homesteads Free In Western Nebraska

An amendment to the national homestead law applying to certain of the public lands in the State of Nebraska, which becomes effective June 27, 1904, allows each actual settler to file upon 640 acres of land, instead of the usual 160 acres.

Nearly nine million acres are open to settlement under the new law—enough to furnish 640 acres (one section, or a square mile) to more than 14,000 persons. If you are of age, a citizen of the United States, and have never exercised your rights under the homestead law, you are entitled to one of these square miles of Nebraska land, by complying with the simple regulations and paying a small fee.

A Stock Raising and Dairying Country

This land is well adapted to stock raising or a combination of stock raising, dairying and mixed farming, but is not suited to general farming alone. Altogether, it is without question one of the greatest stock-raising and dairying regions on the face of the globe, and presents to-day greater opportunities for men of little capital than any other section of America.

The testimony of the thousands of men who have made money in this section proves the truth of these statements. But do not take their word for it—do not take our word for it—go and see with your own eyes the evidences of prosperity in this great country.

Half-price tickets will be on sale to points in Western Nebraska via the Burlington Route on June 7 and 21. It will cost but little to satisfy yourself whether you want a square mile of this free land.

TAKING DESPERATE CHANCES. It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifle? For sale by all leading druggists.

FOUND DEAD.

Alfred Bozarth, a patient of Central hospital from McLean county was found dead in bed Saturday morning at 4:30 o'clock by Paul Joachim, a night watch.

Mr. Bozarth had been in the asylum for twenty-seven years, and was confined in ward 6 of the annex. He was a well known character about the institution.

Owing to the nature of the death Coroner Reynolds convened a jury to inquire into the causes. Two witnesses were summoned, Paul Joachim, the night watch who found the body, and Dr. C. E. Cole, who is acting for his father, W. C. Cole, on the hospital staff. In accordance with the testimony the jury brought in a verdict to the effect that death was due to chronic disease of the heart.

SALOON ROW

FIVE SHOTS FIRED ONE TAKES EFFECT

War of Words Comes Near Having Fatal Termination—John Dunn, Bartender Shot by Geo. Hurst.

John Dunn, a bar tender in Rabbit's saloon on West Court street, was shot Saturday morning at about 10:40 o'clock by George Hurst, with whom he had had trouble earlier in the day. Five shots were fired, the second taking effect in the left cheek, knocking out two teeth and a portion of the jaw bone.

Young Hurst had been in the saloon at about 6 o'clock in the morning, when he got into difficulties with Dunn. Mr. Rabbit, who rooms above the place, was aroused by the disturbance, and going down, put Hurst out, but upon promising to keep quiet he was allowed to return. He afterward went out and remained for some time. Later in the morning he returned to the place, and approaching the south end of the bar asked Dunn to roll him a cigarette, which he did, and as Dunn turned around to draw some beer for two men who approached the bar, Dunn drew a 32-calibre revolver from his hip pocket and fired five shots at Dunn in rapid succession. The second shot entered Dunn's left cheek, knocked out two teeth and shattered the jaw bone. Mr. Rabbit, who was in the adjoining barber shop, rushed into the room, but Hurst had emptied the revolver and fled, leaving the weapon behind.

Dunn was taken to a hospital, where his injury was dressed, and later in the day was at his place of business as usual. He swore out a warrant before H. W. Reid, J. P., charging assault with attempt to murder. The warrant was put into the hands of Policeman Trahey, by whom it was served Saturday afternoon. Hurst was taken before Justice Reid. He waived examination and was put under a bond of \$500.

GOLF AT NASHVILLE

Invitation Tournament Will Be Held June 16, 17 and 18—Valuable Prizes Offered

Members of the local golf club have been invited to take part in the invitation tournament which will be given by the Nashville Golf and Country club June 16, 17 and 18.

This tournament will attract many players from the south and middle west and should be the most important event held in the south or west with the exceptions of the championships.

Three handsome cups and two other valuable prizes have been offered by the Nashville club. The Harding road cup, worth \$100, will go to the winner of the first flight; the Southern cup, worth \$50, will become the property of the winner of the second flight; there will also be a cup for the winner of the handicap tournament on the morning of the last day, a prize to the player making the best qualifying score and one for the runner-up in the first flight.

The course, which is the best in the south, and one of the few with grass putting greens, is in excellent condition and everything possible will be done by the Nashville club to make the stay of the visiting golfers a pleasant one.

The fact that the tournament will be held the week following the Southern Golf association tournament at Louisville will guarantee the attendance of most of the golfers who take part in that event. All those living south of Nashville will have to pass through that city on their way to and from the tournament and several parties of southern players have made their plans to take part in the S. G. A. tournament, visit the world's fair and return in time for the Nashville tournament.

Entries have been received from players in the following cities: Chicago, St. Louis, Cincinnati, Louisville, New Orleans, Atlanta, Birmingham, Memphis, Knoxville and Chattanooga.

On account of the reunion of the Confederate veterans, which takes place in Nashville on June 14, 15 and 16, the railroads have offered a rate of one cent a mile to Nashville during that week.

Entries for the tournament should be made through H. H. Lorton, Jr., 19 Cus tom House, Nashville, Tenn.

CLASS DAY EXERCISES

WERE HELD AT THE WOMAN'S COLLEGE SATURDAY.

Members of the Senior Class Observe the Traditions of the Day in a Most Unique and Appropriate Manner.

Saturday was a red letter day for the seniors of Illinois Woman's college. It was marked with the exercises which indicate the near approach of the close of their college career, and the parting forever for many, perhaps, and consequently the pleasures of the day were tinged to a considerable extent with the sadness engendered by such a feeling.

SENIOR BREAKFAST.
The exercises of the day began with breakfast at the Colonial Inn at 10 o'clock. In this all the seniors participated, with Miss Grace Cowgill, the class officer. It was a delightful function and was greatly enjoyed by the young ladies.

CLASS DAY EXERCISES.

In the afternoon the class day exercises were held in the college chapel beginning at 2 o'clock. A large audience was present and enjoyed to the utmost the pleasures of the occasion. The chapel had been made beautiful by the juniors, who made a special effort to attain a pleasing effect. That they were more than successful was very evident to all who viewed the result. An abundance of yellow lilies filled all the available space, while before the double doors, immediately behind the platform, a solid curtain of fresh, green leaves was hung. The light from the library, sifting through the innumerable small openings left by the irregular outlines of the borders of the leaves, added a glory of lustre to the hangings which created an effect seldom witnessed. The furnishings of the hall, including the chandeliers, were adorned with purple and gold, the senior class colors. Also, among the floral decorations, were large bunches of purple and yellow fleur-de-lis.

The program opened with the class day march, composed and played by Miss Mabel Wilson.

Miss Gertrude York then read an interesting and very comprehensive class history, which was received with great applause. The "March Heroique" of C. Saint-Saens, was then given by Misses Flora Balleke, Mabel Wilson, Mattie Deatherage and Jessie Vandine.

The oration of the afternoon was delivered by Miss Mae Seymour, who took as her subject "Genius—A Capacity for Work." It was a very thoughtful production and gave evidence of careful preparation.

The class poem was read by Miss Annie White. It also was in a thoughtful vein and contained many beautiful figures, designed to typify the past, present and future relations of the members of the class to each other and to the world.

After "Softly Fall the Shades" was beautifully sung by Miss Anne Young, to music composed by herself for the occasion, Miss Emma Bullard presented a well-prepared "Retrospect." The class then joined in the class song, written by Miss Winifred Palmer, with music by Miss Flora Balleke.

As Miss Wilson played again the class day march, the juniors formed in line and marched from the room, two by two, each line bearing upon their shoulders a beautiful flower chain. The audience followed and lastly the seniors, who passed between the files of juniors stationed at the main exit of the building. As the seniors entered their ranks, the juniors took up the way across the lawn in front of the buildings to the northwest corner, where the closing exercises were held. It was indeed a beautiful sight and one long to be remembered by all who witnessed it.

Arrived at the appointed spot, Miss Olive Mathis delivered the address to the class of 1905. A deep hole was then dug and in it was buried the hatchet, typifying the rivalry which has existed in a friendly spirit between the two classes. After a response in behalf of the class of 1905 by Miss Leda Elsherry, the ivy was planted in the partly filled excavation, in which lay the hatchet, and the exercises were thus concluded.

Miss Grace Cowgill, the class officer, gave much valuable assistance in the preparations for the occasion and her efforts were much appreciated by the members.

"COLLEGE SING."

Saturday evening a "College Sing" was given on the campus, under the management of the seniors. A large crowd gathered and enjoyed a varied program of vocal music, including "The Spanish Cavalier," "Polly Wolly Doodle," "The Suwannee River," "The Quilting Party," "There is a Tavern in the Town," "Nut Brown Maid," "Jingle Bells," "Solomon Levi," "Jumita," "My Old Kentucky Home," "Coco-che-lunk," "Clementine," "Romeo and Juliet," "I. W. C. Sing," "Sweet and Low," and "America."

This was followed by various college and high school yells, given as the crowd dispersed.

The event was certainly a fitting close to the exercises of the day.

DIRGE FOR A SOLDIER.

By George Henry Baker.
Close his eyes; his work is done!
What to him is friend or foe-man,
Rise of moon, or set of sun,
Hand of man, or kiss of woman?
Lay him low, lay him low,
In the clover or the snow,
What carest he? He cannot know:
Lay him low!

Fold him in his country's stars,
Roll the drum and fire the volley!
What to him are all our wars,
What but death bemocking folly?
Lay him low, lay him low,
In the clover or the snow,
What carest he? He cannot know:
Lay him low!

Leave him to God's watching eye,
Trust him to the hand that made him.
Mortal love weeps idly by:
God alone has power to aid him.
Lay him low, lay him low,
In the clover or the snow,
What carest he? He cannot know:
Lay him low!
